## MEDICAL.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the Clerk's Office of the I istrict Court for the Eastern District of Pennsylvania. REAT CURE FOR DYSPEPSIA !- ANOTHER SCIEN-DR. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE T) REPARED from Rennet, or the Fourth Stomach of the Ox, after the directions of Baron Liebig, the great Physa logical Chemiet, by J. S. Houghton, M. D., Philadelphia.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Consumption and Debility, curing after Nature's own method, by Nature's own Agent, the Gastrie Jaice. Half a tea-spoonful of Pepsia, infused in water, will digest

dissolve five pounds of roast beef in about two hours, out

of the stomach. Pepsin is the chief element or digesting principle of the Castric Juice—the solvent of the food, the purifying, preserving and stimulating agent of the stomach and intesames. It is extracted from the digestive stomach of the Gx, thus for ming an artificial digestive fluid precisely like the natural Custoic Juice in its chemical powers, and furnishing a complete on I perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyst epsian erre anyel just as they would be by a healthy stomach. It is doing wonders for dyspeptics, during cases of Debility, Ema-ciation, Nervous Decline and Dyspeptic Consumption, sup-posed to be on the verge of the grave. The scientific evi-dence upon which it is based is in the highest degree curious

und re narkable. Scientific Evidence. Baron Lieb'g, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous membrane of the stomach of the Ox, in which var ous articles of food, as ment and eggs, will be softened, changed and digested, just in the same manner as they would

Dr. Pre.ra, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 25, states the same greatfact, and describes the method of preparation There are few higher authorities than Dr. Priers, Dr. Combe, in his valuable writings on the "Paysiology of Digestion," observes that "a diamention of the due quantity of the Gastric Juce is a prominent and all-prevailing class of Despensia;" and he states that "a distinguished professor of medicine in Loadon, who was severely utilized with this complaint, finding every thing else to fail, had recoarse to the Gastric Juice, obtained from the stomachs of

Lying animals, which proved completely successful." Dr. Graham, author of the famous works on "Vegetable Die ." says: "It is a remarkable fact in Physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of el-

feeting a kind of artificial digestion of them in no wise dif-ferent from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," Lee & Blanchurd, Philadelphia, 1846, pp. 821-2,) says: "The discovery of Pepsin forms a new era in the chemical history of a gestion. From recent experiments we know that food is d ssolved as rapidly in an artiscial digestive fluid, prepared from Pepsin, as it is in the natural Gastrie Juice itsei Professor Danglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than tifty pages to an examination of this subject. His expermeals with Dr. Beaumont, on the Gastric Juice obtained from the living human stomach, and from animals, are well known, "In all cases," he says, "d gestion occurred as per feetly in the artificial as in the natural digestion,"

Dr. John W. Draper, Professor of Chemistry in the Cotlogo of the University of New York, in his "Text Book of Counistry," page 386, says: "It has been a question whether artificial digestion could be performed but it is now universally admitted that it may be." Dr. Carpenter's standard work on Physiology, which is in

the library of every physician, and is used as a text-book in all the colleges, is full of evidence similar to the above, respecting the remarkable digestive power of Pepsin, and the fact that it may be readily separated from the somach of the calf or ox, and used for experiments in artificial digestion, or as a remedy for diseases of the stomach, and delictent secretion of the Gastrie Juice. All modern works on Chemistry, Materia Medica and Phy-

siology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting The Liet that an Artificial Digestive Fluid, or Gastrie Juice, perfectly resembling the natural fluid, may be readily presared, does not admit of question. The only wonder is, that

it has not before been applied to the cure of Indigestion and D. spepsia—so naturally does such a use suggest itself to the As a Dyspepsia Curer, Dr. Houghton's Pepsin has produced the most marvellous effects, in cases of Debility, Emacation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than two hundred remarkable cures, in Philadelphia, New York and Boston alone. These were nearly all desperate c. s.s., and the cures were not only rapid and won-

derful, but permanent. It is a great nervous antidote, and particularly useful for tendency to Bilious Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine and Mercury and other drugs upon the digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health

Old Stomach Complaints. - There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad it may be, it gives instant relief! A single dose removes all the un-leasant sympoms; and it only needs to be repeated for a short time to make these good effec's permanent. Purity of blood and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the Pit of the Stomach, Distress after Eating, Low, Cold State of the Bood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, Tendency to Insanity, Suicide, &c. Dr. Houghton's Pepsin is sold by nearly all the lealers in line drugs and popular medicines throughout the Uni ed States. It is prepared in powder and in fluid form, and in prescription vials for the use of physicians,

Private Circulars for the use of physicians, may be obtained of Dr. J. S. Houghton, or his agents, describing the whole process of preparation, and giving the authorities apon which the claims of this new remedy are based. As it is not a secret renedy, no objection can be raised against its use by physicians in respectable standing and regular prac-Price ONE DOLLAR per Bottle.

MEDICAL.

AFFLICTED READ! THILADELPHIA MEDICAL HOUSE.—Established 15 years ago by DR. KINKELIN. The oldest, surest and best hand to cure all forms of secret diseases of the skin, and solitary habits of youth, is DR. KINKELIN, N. W. corner of Third and Union streets, between Spruce and Pine, one and a half squares from the Exchange, Philadelphia. Take Particular Notice.-There is a habit which

boys teach each other at the academy or college—a habit in-dulged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious and devastating affections. Few of those who include in this pernicious practice are aware of the consequences, until they find the nervous system is shattered, feel strange and unaccountable feelings, vague fears in the mind. The individual becomes feeble, he is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak, he is duli and irresolute, the countenance is downcast, the eyes without natural lustre, shanefacedness is apparent. There are symptoms which should another the utile these similarly affected.

If the victim be conscious of the cause of his decay, and having relinquished the odious practice, he suffers under

those terrible nocturnal emissions, which weaken and shame him, producing mental and physical prostration. If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his senses tell him that this is caused by his early follies. Too many think they will hug the secret to their own bearts, and cure themselves. Alast how often is this a fatal delasion, and how many a promising youth, who might have been an ornament to society, has faded from the earth! Young Men! -Let no false modesty deler you from making your case known to one who, from education and respecificity, can alone befriend you. He who places himself moder DR. KINKELIN'S treatment, may religiously confide his lamor as a gentleman, and in whose bosom will be

orever locked the secret of the patient. Country Invalids .- Finding it inconvenient to make personal application, can, by stating their case explicitly, to-gether with all their symptoms, (per letter post paid,) have forwarded to them a chest containing Dr. K.'s medicines, appropriated accordingly, and be cured at home. Strictures of the wrethra, weakness and constitutional de-

bility, promptly cured, and full vigor restored. All letters taloons; Marseilles Vests. All very handsome. Call and post priot, taloons; Marseilles Vests. All very handsome. Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had

These Bitters are werthy the attention of invalids, pos-sessing great virtues in the rectification of diseases of the liver and lesser glands, exercising the most searching pow-ers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

EEAD AND BE CONVINCED. From the "Boston Bee."

The editor said, Lee, 22d: DR. HOOFLAND'S CELEBRATED GERMAN BITTERS, for the cure of Liver Complaint, Junual ce, Dyspepsia, Chronic or Ner-yous Deb lity, is deservedly one of the most popular needcines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has him coved an effectual and permanent cure of liver complain from the ase of this remedy. We are convinced that, in the use of these batters, the patient constantly gains strength and vigor a fact worths of great consideration. They are pleasant in taste and smell, and can be used by persons with the most del cale stormels with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

"Scott's Weekly," one of the best literary papers pub ished, said, Aug. 21th. ".ir. Hoofland's German Bitters manufactured by Dr. J. c.son, are now recommended by some of the most promment members of the faculty, as an article of minea efficacy in cases of remale weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons et debelitation constitution will find these bitters advantageous to their health, as we know from experience the salutary effect they have on weak

More Evidence. The Hon. C. D. Hineline, Mayor of the city of Camden, N. J., says:
"Hooflands German bittels, -We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were perstaided to use it, and must say that we found it specific in its action upon diseases of the liver and digestive organs, and the influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, making sleep refreshing. "If this medicine was more generally used, we are satis-

fiel there would be less sickness, as from this stynich, liver and nervous system the great majority of real and imagina ry diseases emanate. Have them in a healthy a udition, an I you can bid defiance to epidemics generally. Tois extraor I nary medicine we would advise our fr ends who are at all indisposed, to give a trial: it will recommend itself. It s oul l, in fact, be in every family. No other medicine can pr. d ace such evidences of merit." Evidence upon evidence has been received (like the fore go ng,) from all sections of the Union, the last three years. and the stongest testimony in its favor, is, that there is more

delphia, than all other nostrums combined a fact that can e s.iv be established, and fully proving that a se entific preparation will mee, with their quiet approval when presedent e en in this form. That this medicine will cure liver complaint and dyspep sia, no one can doubt after using it as directed. It acts speedically upon the stomach and liver; it is preferable to calo mel in all bilious desenses; the effect is immediate. They can be administered to female or infant with safety and reliable

of it used in the practice of the regular physicians of I inla

benefit at any time. LOOK WELL TO THE MARKS OF THE GENTING. They have the written a greature of C. M. JACKSON upon the wrapper, and his name blown in the bottle-without which they are spurious.

DR. ARNOLD'S UNION PILLS.

Wholesalg Agents for Kentucky and Tennessee,

GREEN Hrat, Tenn., January 19, 1852. Dr. Arnold - Dear Sir-I consider it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Pills. Having been for quita a number of years, greatly troubled with dispepsia, and constipation of the bowels; at times alarming me greatly, I used every other remedy, almost that I ever read or head of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was useless to try any more; as I labored under great debility, and my stomach was greatly injured by taking the different Pills, medicine, &c.; but on hearing my neighbors speak so frequently of the beneficial effects of your Union Pills, I concluded to give them a trial, and bought a fifty cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the medicine for me. Thave not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Pills. I would take no sum for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever-at the first complaint I have given them one or two Pills, and never had to repeat the dose but once, which effected a cure. Your other medicines used by my family, have had the most happy effect. I shall always keep a supply of your Pills on hand, and I think that no one, laboring as I have under great debility and dyspepsia, with all their evil consequences, but what would, after a use of your med-

idines, join me in saying the same of them. Respectfully W W MASTERSON. For Sale at the Drug Stores of ZIMERMAN, T.
